

Catalog --2026

ABOUT US

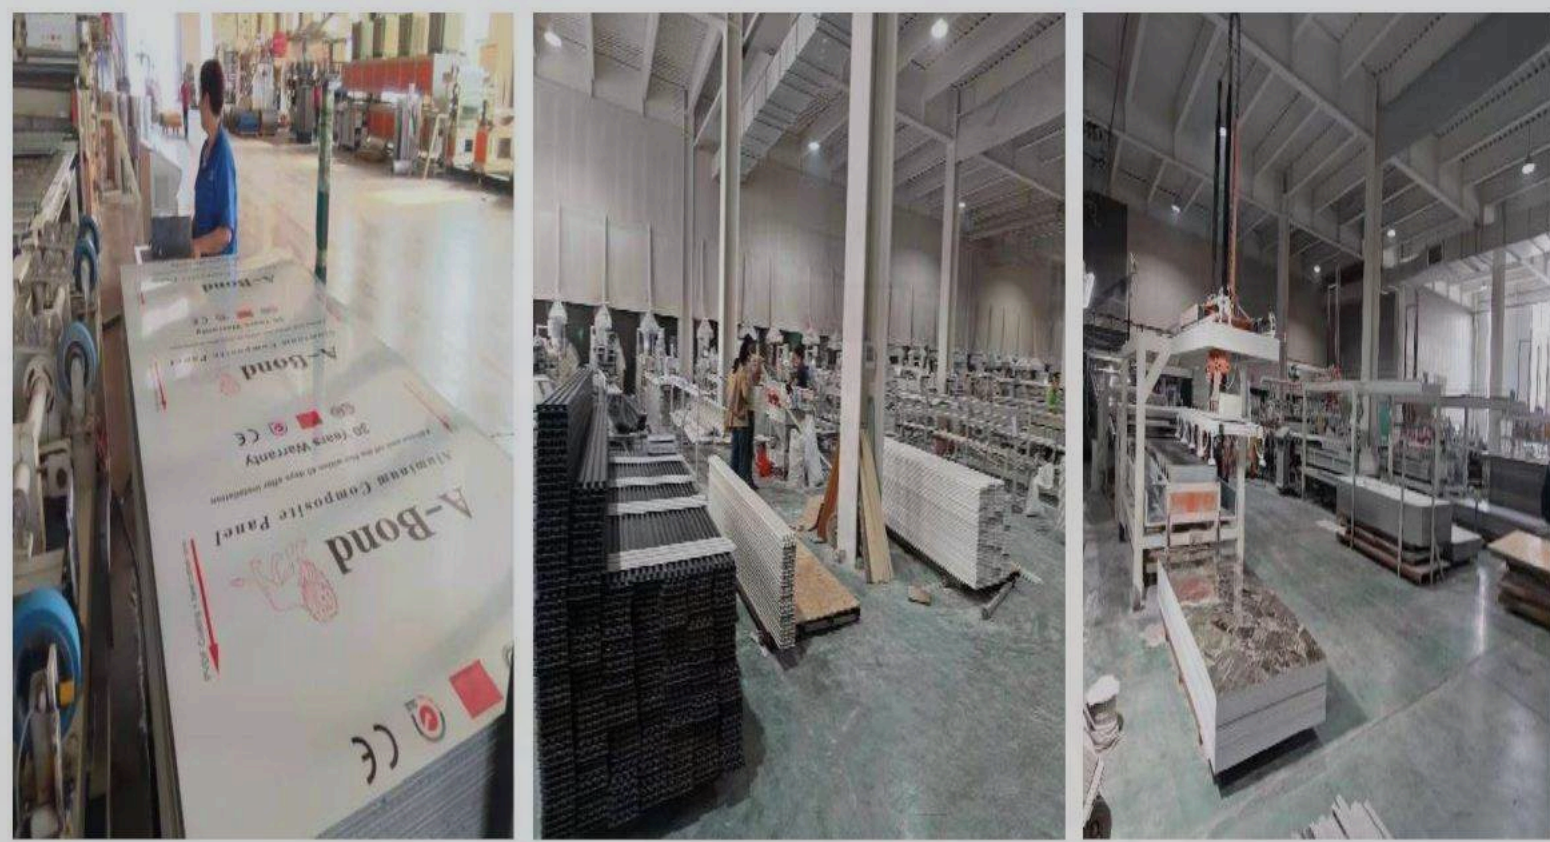

We are a Chinese space capsule house factory,
and specializes in prefab house for more than 10
Years.

10,000 square meters Warehouse

We have established a production base of more
than 40,000 square warehouse, leading the
industry in production scale and product quality.

ABOUT US

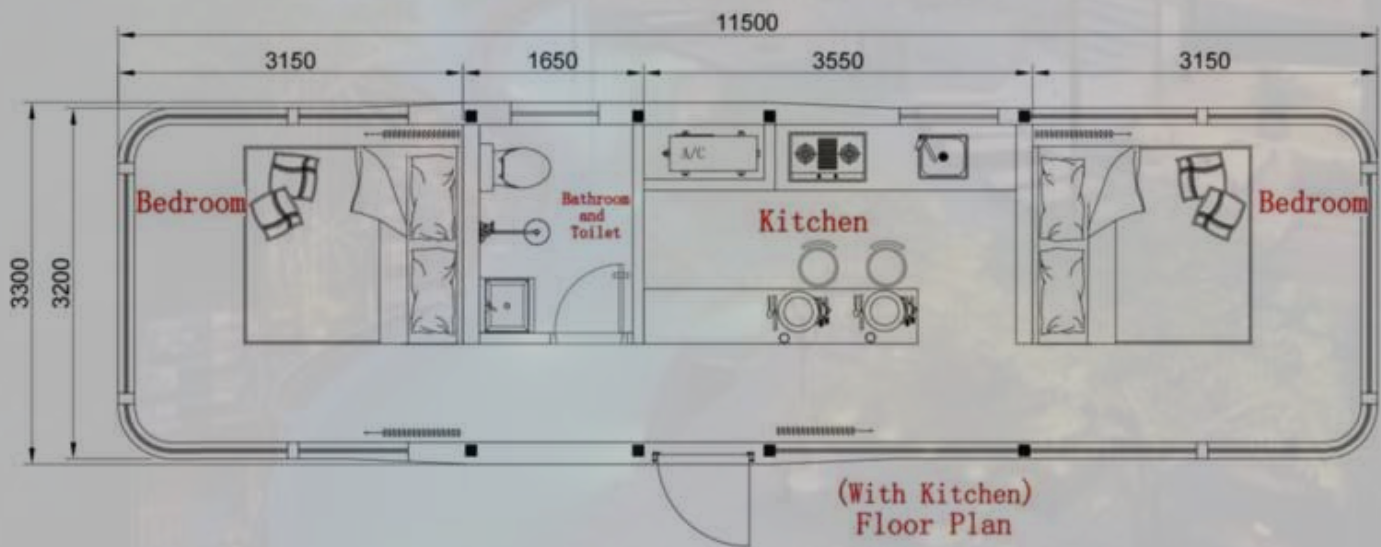

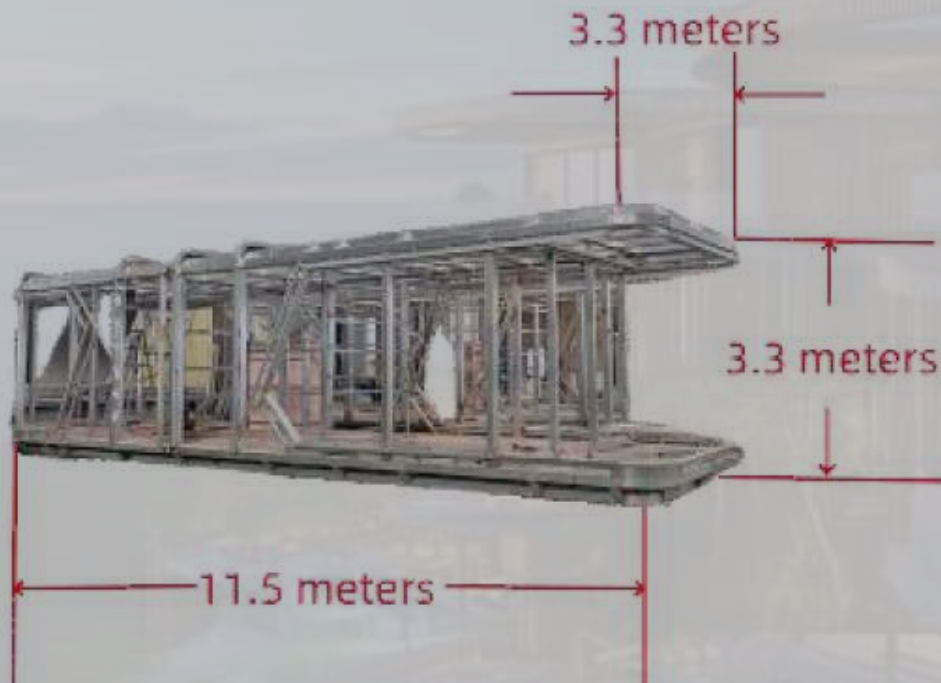

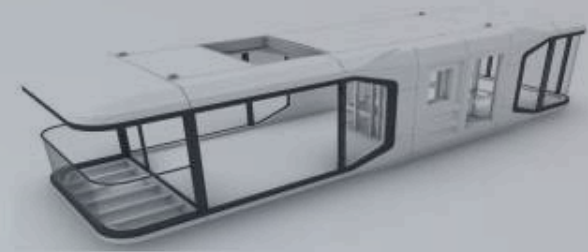

● 2 building materials production factories

We also have 2 building materials factories, which produce aluminum composite panels, aluminum panels, WPC panels, and UV panels respectively. Therefore, the quality, cost, and production time of materials used on our capsule houses can be controlled well.
